Introducing Webinar Opportunity: Virtual Office Hours

The Center for Hospice & Palliative Care announces a new webinar opportunity: virtual office hours. These sessions are optional for all Hospice providers and staff. February's topic of focus will be complex family dynamics and community resources available. There will be time for dialogue with peers, including suggestions for future topics. To attend February's virtual office hours, please pre-register at the link below, and feel free to send this flyer to other team members as well.
